DIRECTORS MEETING NOTES.

## STATEMENT FROM OEA ON THE HOUSE BUDGET

"We appreciate the addition of \$90 million in education funding in the House budget given the tight revenue situation, and we are glad the House listened to the voices of educators and removed the unnecessary and unworkable teacher 'externship' proposal," said OEA President Becky Higgins. "We look forward to continuing to work with members of the House and Senate to ensure equitable and adequate funding for all students, no matter their zip code or family income."

"We also encourage the House and Senate to address Ohio's looming graduation crisis by incorporating the recommendations of the Graduation Requirements Work Group and State Board of Education in the budget."

## A GIFT FROM TAWLS!

You should have received an email regarding this year's TAWLS gift to members. Please fill out an order form by Thursday, May 4th. You find the form [here](#).
